

USER GUIDE SHAVING SIMULATOR

REALMED
SIMULATORS

This is the world's first simulator designed for **learning and practicing shaving skills**. Become a master barber! **Follow these step-by-step instructions:**

1. FILL THE DISPENSER:

Only fill it halfway to ensure effective hair distribution.

2. PROTECT THE SKIN:

Before you start, apply a lip balm to the area you're working on.

3. PREPARE THE AREA:

Spray a layer of non-aerosol hairspray where you want to simulate the beard.

4. DISTRIBUTE THE HAIR:

Evenly place the hair over the beard area using the dispenser.

5. INITIAL FIXATION:

Use non-aerosol hairspray to set the hair, keeping about 30 cm distance to properly cover the desired area.

6. ENHANCE FIXATION:

Apply a second layer of sealer over the beard for added durability.

7. DRYING:

Let the area dry completely for about 8 minutes before starting to shave.

READY TO SHAVE!

ADDITIONAL TIPS:

To enhance definition, you can apply spray oil. For a better finish, reapply oil for a second pass.

ALLOWED USES:

The simulator is designed for use with traditional professional barber razors and blade holders. It is also suitable for the application of natural oils and hot towels.

MAINTENANCE AND CLEANING:

Regularly clean with a gentle soap solution, covering the entire surface of the simulator. Allow it to air dry completely to prevent moisture buildup and potential damage.

PRECAUTIONS:

Avoid using ammonia, alcohol, and any solvents as these can irreversibly damage the simulator's surface and internal parts. Do not use scissors or insert sharp objects.

SIMULATOR DIMENSIONS:

25x17x20 cm.
